

helps healing.

For improved comfort and discretion: The new MoliMed® Comfort

Improved wearing comfort and optimum leakage protection for your clients – MoliMed® Classic is now MoliMed® Comfort

With the new MoliMed® Comfort (former MoliMed® Classic) you can provide your clients with a solution that offers a high standard in security and reliability. MoliMed® Comfort mini, midi and maxi provide proven protection for light to moderate bladder weakness. All three products have now been improved to include new soft foam elastics in the crotch area for a better fit and greater wearing comfort. A new discreet white backsheet also adds increased dignity and quality of life.

NEW

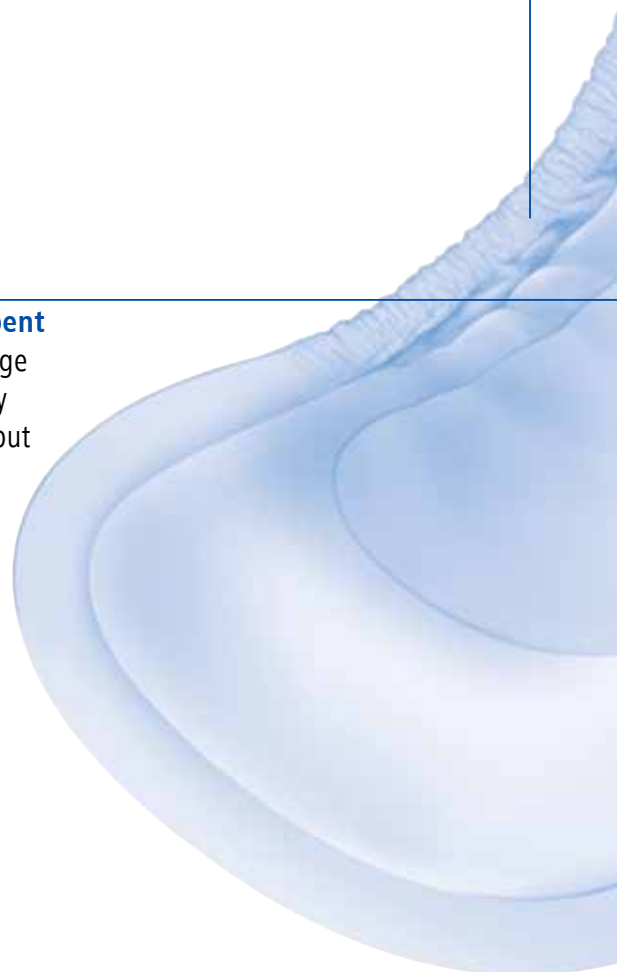

Soft, contoured shape

The new soft elastics in the crotch area **guarantee** an ideal fit and improved wearing comfort.

Convincingly safe

The **innovative 3-part absorbent core** ensures extra strong leakage protection. It guides fluid rapidly into its centre, leaving nothing but a pure feeling of dryness on the skin.

Dermatologically tested

All materials have been tested under conditions of everyday use and demonstrated good skin tolerability.

Benefits

Proven reliability

Improved wearing comfort and more discretion for your clients, thanks to a new white backsheet and new soft elastics

Good skin tolerability

helps healing.
