Focus on Protection

Disposable surgical caps from HARTMANN

For the demanding work in theatres

Premium quality guarantees high wearing comfort

At HARTMANN, we understand that working in an operating theatre places great demands upon individuals and products. Operating theatre clothing has to provide reliable protection against infection, and the wearer should experience freedom of movement.

Headwear, in particular, needs to be comfortable to wear to prevent heat build-up.

The material

- New, viscose material without perforation prevents the passage of particles completely
- Skin-friendly and air-permeable non-woven
- Complements the Folidress® Theatre Gown Range

Safety and comfort

- Supports infection control
- High wearing comfort
- Optimal heat regulation
- Comfortable designs and soft seams ensure pleasant wearing even after several hours

Foliodress® cap range from HARTMANN

A choice of styles and shapes

The HARTMANN Foliodress® cap range safely protects patients against infections which may be promoted by skin particles or hair. The surgical caps range has been designed for use primarily in the operating theatre area as well as in intensive care units, in isolation wards and in delivery rooms.

You can choose from a comprehensive range of styles to suit your individual needs:

Apart

With reinforced forehead section and bands for tying at the neck. Suitable for long hair.

Bandana

Modern pirate-style cut for tying at the neck. Particularly light and comfortable for short haircuts.

Astro

Helmet-shaped surgical cap for full protection with optimised long chin bands. Safe cover of the whole head and the neck area. Particularly suitable for wearers with a beard.

Astro Plus

Helmet-shaped surgical cap with integrated sweatband in the forehead area and optimised long chin bands. Safe cover of the whole head and neck area.

Form

With shaped neck section and elasticated back. Suitable for long hair.

Universal

Bouffant cap with optimised soft elastic rim. Especially light and pleasant to wear. Also suitable as headgear for patients.

Feel secure and comfortable so that you can focus on a successful operation.

helps healing.
